1. Purpose

This guide provides employees with standard procedures for requesting IT services, reporting incidents, and resolving common technical issues. The objective is to ensure secure, reliable, and timely IT support across all TechNova Solutions offices.

2. Scope

This guide applies to:

- Permanent Employees
 - Contract Employees
 - Interns
 - Remote Employees
 - Business Consultants
-

3. IT Support Channels

Employees may contact IT through:

- IT Service Portal
- Helpdesk Email
- Microsoft Teams Support Channel
- Telephone Support
- Walk-in IT Desk (Office Hours)

Every request automatically receives a unique ticket number.

4. Service Desk Hours

Day	Working Hours
Monday–Friday	9:00 AM – 7:00 PM
Saturday	10:00 AM – 2:00 PM
Sunday	Emergency Support Only

Critical production issues are supported 24×7.

5. Laptop Provisioning

New employees receive:

- Company Laptop
- Charger
- Laptop Bag
- Security Software
- VPN Client
- Microsoft Office
- Required Development Tools

Laptop allocation is completed before the employee's joining date whenever possible.

6. Email Account Setup

Every employee receives:

- Official Email ID
- Microsoft Outlook Access
- Microsoft Teams Account
- Shared Calendar Access

Email credentials must never be shared.

7. VPN Access

VPN is mandatory for:

- Remote Work
- Accessing Internal Applications
- Database Connections
- Production Servers

Employees must authenticate using Multi-Factor Authentication (MFA).

8. Multi-Factor Authentication (MFA)

All employees must register:

- Mobile Authenticator App
- Backup Authentication Method

MFA is required for:

- VPN
 - Email
 - HR Portal
 - Finance Systems
 - Cloud Applications
-

9. Password Reset Policy

Passwords must:

- Be at least 12 characters long
- Include uppercase, lowercase, numbers, and special characters
- Never be reused for previous five passwords
- Be changed immediately if compromised

Employees can reset passwords through the Self-Service Password Portal.

10. Software Installation

Approved software includes:

- Microsoft Office
- Visual Studio Code

- Python
- Java
- Docker
- Git
- PostgreSQL
- Power BI
- Tableau

Software not listed requires manager and IT approval.

11. Hardware Support

IT supports:

- Laptop Issues
- Monitor Problems
- Keyboard Replacement
- Mouse Replacement
- Webcam Issues
- Docking Stations
- Network Devices

Hardware damage must be reported immediately.

12. Printer & Network Support

Employees can request assistance for:

- Printer Setup
 - Wi-Fi Connectivity
 - LAN Configuration
 - VPN Connectivity
 - Shared Drive Access
-

13. Asset Management

Every IT asset receives:

- Asset ID
- Barcode
- Employee Assignment
- Purchase Date
- Warranty Details

Employees are responsible for company-issued equipment.

14. Service Level Agreements (SLAs)

Priority	Response Time	Resolution Target
Critical	30 Minutes	4 Hours
High	1 Hour	8 Hours
Medium	4 Hours	2 Business Days
Low	1 Business Day	5 Business Days

15. Incident Priority Levels

Critical

- Production Down
- Security Breach
- Network Failure

High

- VPN Failure
- Email Outage
- Login Failure

Medium

- Software Installation
- Printer Issues
- Hardware Replacement

Low

- Information Requests
 - General Guidance
 - Training Requests
-

16. Escalation Matrix

Level 1

Helpdesk Engineer

↓

Level 2

System Administrator

↓

Level 3

Infrastructure Team

↓

Level 4

IT Manager

↓

Chief Information Officer (CIO)

17. Security Best Practices

Employees must:

- Lock computers when away
- Never share passwords
- Report phishing emails
- Install only approved software
- Connect through VPN while working remotely
- Update devices regularly

Failure to comply may result in disciplinary action.

18. Frequently Asked Questions

My laptop is not starting.

Raise a Critical Priority ticket through the IT Service Portal.

I forgot my password.

Use the Self-Service Password Reset Portal or contact the Helpdesk.

How do I request new software?

Submit a Software Installation Request through the IT Portal with manager approval.

My VPN is not connecting.

Check your internet connection, verify MFA approval, and restart the VPN client. If the issue persists, contact the Helpdesk.

Can I install personal software?

No. Only company-approved software may be installed on company devices.
