1. Purpose

The Enterprise FAQ Center provides quick answers to the most frequently asked questions from employees, customers, and internal teams. It reduces support requests by offering a single source of verified information.

2. Scope

This FAQ applies to all employees, interns, contractors, and authorized business partners.

3. Human Resources FAQs

Q1. How many Casual Leave days do employees receive?

Eligible employees receive **12 Casual Leave days** each calendar year.

Q2. Can I work remotely?

Yes. Hybrid work is available for eligible roles with manager approval.

Q3. When is salary credited?

Salary is credited on the **last working day of every month**.

Q4. Can unused Earned Leave be carried forward?

Yes. Up to **30 days** of Earned Leave may be carried forward.

Q5. How do I update my personal information?

Log in to the Employee HR Portal and update your employee profile.

4. IT Support FAQs

Q6. My laptop won't start. What should I do?

Raise a **Critical Priority** ticket through the IT Service Portal.

Q7. How do I reset my password?

Use the Self-Service Password Reset Portal or contact the Helpdesk.

Q8. How do I request new software?

Submit a Software Installation Request with manager approval.

Q9. Is VPN mandatory?

Yes. VPN is required for all remote access to company systems.

Q10. Can I install personal software?

No. Only company-approved software may be installed.

5. Information Security FAQs

Q11. What should I do if I receive a phishing email?

Do not click any links. Report it immediately to the Information Security Team.

Q12. Can I use my personal USB drive?

No. Only company-approved encrypted storage devices are allowed.

Q13. What happens if my laptop is stolen?

Report the incident immediately to IT Helpdesk and Information Security.

Q14. Is Multi-Factor Authentication mandatory?

Yes. MFA is required for all business-critical systems.

Q15. Can confidential data be shared externally?

Only with proper authorization and approved secure channels.

6. Engineering FAQs

Q16. Can I commit directly to the main branch?

No. All changes require a Pull Request and code review.

Q17. Which version control system is used?

Git is the company standard.

Q18. Is code review mandatory?

Yes. Every Pull Request requires at least one approval.

Q19. Which testing types are mandatory?

Unit, Integration, System, and User Acceptance Testing.

Q20. Who approves production deployments?

The Release Manager.

7. AI Department FAQs

Q21. Which programming language is preferred?

Python.

Q22. Which framework is recommended for Machine Learning?

Scikit-learn.

Q23. Which framework is used for LLM applications?

LangChain.

Q24. Which vector database is recommended for local development?

FAISS.

Q25. Why does TechNova use Retrieval-Augmented Generation (RAG)?

To provide accurate, context-aware answers using company knowledge instead of relying only on the language model.

8. Product FAQs

Q26. Which authentication method is supported?

Single Sign-On (SSO) with Multi-Factor Authentication (MFA).

Q27. What is the API standard?

REST APIs using HTTPS and JSON.

Q28. Which database is primarily used?

PostgreSQL.

Q29. What is the target application availability?

99.9% uptime.

Q30. How often are backups performed?

Incremental backups are performed daily and full backups weekly.

9. Customer Support FAQs

Q31. How are support tickets prioritized?

Based on business impact and urgency.

Q32. When should a ticket be escalated?

When SLA targets are at risk or Level 1 Support cannot resolve the issue.

Q33. Can a customer reopen a closed ticket?

Yes, within seven days if the issue persists.

Q34. What is CSAT?

Customer Satisfaction Score collected after ticket resolution.

Q35. What should every support ticket include?

Issue description, troubleshooting steps, actions taken, and resolution details.

10. General Employee FAQs

Q36. Where can I find company policies?

On the Enterprise Knowledge Portal.

Q37. Who should I contact for payroll issues?

The Human Resources Department.

Q38. How can I request additional hardware?

Submit a request through the IT Service Portal.

Q39. How do I report an information security incident?

Contact the Information Security Team immediately and create a high-priority incident ticket.

Q40. Who maintains the Enterprise Knowledge Base?

The Knowledge Management Team, with contributions from HR, IT, Engineering, AI, Product, and Customer Support departments.
